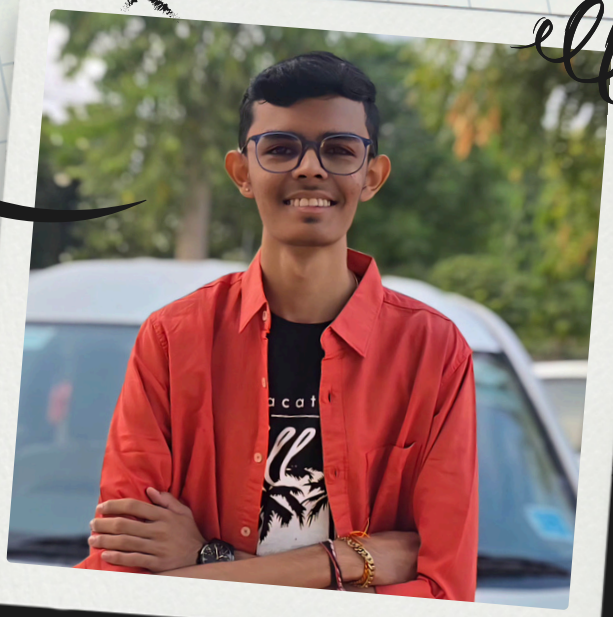
BHAVYA MODI

PYTHON & SECURITY ENTHUSIAST



About Me

I am a motivated technology student who enjoys building useful and practical solutions. I have experience working with **C, C++, Python, PHP, HTML, CSS, and JavaScript.** I have developed an expense manager website and am currently working on my personal portfolio. I secured **1st place in Genesis and was a finalist in the GCET Hackathon** for an AI healthcare project. I genuinely enjoy web development, solving problems, and learning new skills, and I'm always looking for opportunities to grow and contribute to meaningful projects.

Education

Bachelor of Technology in Information Technology

Birla Vishvakarma Mahavidyalaya (BVM)

2024-Exp.2028 | CPI : 7.86

Skill
